

Thesis B Report Assessment Components

There are four assessment components:

1. Reporting progress (60%)
2. Reflection on progress (15%)
3. Revised project plan (15%)
4. Document presentation (10%)

Thesis B Report Structure

Your report should follow the following structure:

1. Descriptions of your project (1 page).
2. Detailed progress report (10-15 pages).
Explain your results for Thesis B obtained so far.
3. Reflections on thesis (2 pages).
 - a) Compare and contrast your thesis with industrial and other academic experiences, illuminating the differences and similarities between them.
 - b) Reflect on what you have learned in Thesis B in terms of important skills and ability.
 - c) Explain lessons learned.
 - d) Any other important reflections.
4. Tasks completed and the revised plan (2 pages).
 - a) Use a table to summarise all the tasks that you planned in Thesis A report to complete in Thesis B and explain which tasks have been completed and which tasks have not been completed.
 - b) Make a revised plan for the rest of thesis.
